

Jennifer Sekine

Student Midwife

It is the combination of my experiences as a qualified birth worker & a mother of four, that helps me in empowering families in my community as a student midwife, by providing them with emotional, physical, and educational support. My own birth experiences with and without midwifery care enlightened me on how powerful midwives can be in achieving an empowered birth.

Experience

2017-2022

Juniper Birth Services | Oklahoma City, Oklahoma

Owner, Birth & Postpartum Doula, & Placenta Encapsulator

- Responsible for administrative duties such as website management, client acquisition, client communications, and client intake.
- Conceptualized and implemented weekly educational emails and classes relevant to client progress in their pregnancy or postpartum.
- Established and managed marketing campaigns for the company that resulted in an average of 15+ new client inquiries a month.
- Developed and maintained the company website including the Amazon affiliate program, SEO optimization, Google ads, HoneyBook software, Google suite, QuickBooks, and WordPress.
- Proficient in Blood Borne Pathogen training & placenta encapsulation.

2021-2022

Holistic Birthing Services | 1801 E 15th St, Edmond, OK 73013

Midwifery Assistant

- Accountable for acquiring basic client health info, i.e. blood pressure, temperature, and pulse.
- Responsible for setting up & breaking down midwifery tool trays & the birth pool.
- Assisted clients in ambulating to the bathroom after birth & set up their postpartum healing space ensuring they had proper hydration and nutrients.
- Successfully managed the sanitization of clients' birthing space & packing midwifery tools after midwifery responsibilities were fulfilled.
- Consistently on-call for attending client births & comfortable with the on-call lifestyle. Attended 5+ births a month
- Anticipated midwives' needs during labor and birth & provided tools and equipment promptly.

2017 - 2020

Thrive Mama Collective | 1745 NW 16th, Oklahoma City, OK 73106

Birth & Postpartum Doula

- Provided emotional, educational, and physical support to families during pregnancy, labor, & postpartum in home, hospital, and birth center settings.
- On-call for clients and arrived at their sides to support them promptly.
- Provided continuing care to families, assisting them with household tasks, maternal postpartum care, breastfeeding support, and infant care education during both daytime and overnight hours.
